

#91 Jamal Bruce ■ Defensive tackle

"It's big to get the home crowd involved, especially on third down. They make a lot of noise and mess up the offense. It gets us pumped up to play."

#59 Kelby Brown ■ Linebacker

"You see in games where we had a lot of attendance, there were huge momentum shifts. With NC State and Miami, we'd make a huge play and the crowd would get really into it. I think that helps give a lot of energy to the team."

#42 Dezmond Johnson ■ Defensive end

"When you're making big plays, you've got the crowd behind you pumping you up. Personally, if it's 3rd-and-short and you need a stop to get off the field, the crowd's a major factor. If they're loud, you're bound to make a play."

#17 Issac Blakeney ■ Wide receiver

"A great crowd is the backbone of any elite team. Rarely do you see a successful team with a sparse crowd. The support in Wallace

Wade has done wonders to help with the newfound success of Duke Football."

#3 Jamison Crowder ■ Wide receiver

"Wallace Wade Stadium has a great atmosphere when the stands are full. It takes our fans to continue the tradition and the drive for excellence within the Duke community."

#7 Anthony Boone ■ Quarterback

Over the past four years in Wallace Wade, I've noticed the crowd becoming more and more a factor to our winning success. There's nothing better than having a crowd full of proud alum, faculty, family and loyal fans."
